OtM will come to a location of your choosing and create a **narratively rich interactive mystery** that will intrigue and delight all who attend.

Outside the March's ensemble of award-winning actors will mingle at your event as finely wrought characters, interacting with your guests. As the evening progresses, the participants will weave a tale of mystery with the solution hidden in plain sight!

The experience can be calibrated to suit your **exact specifications and desires**; you and/or your organization can have **as much or as little control** over the experience as you like.

If you have your own idea for a theme, we can collaborate to create a unique experience. Or if you like we can bring you one of our favourites, such as:

### A CAPER IN 1920'S PARIS

where Sarah  
Bernhardt's wooden  
leg has mysteriously  
disappeared

### AN INTRIGUE IN 2120'S ANTARCTICA

where the first  
self-conscious robot has left a  
cryptic message that needs to  
be decoded
